

2-Day Tactical Carbine and Pistol Course

This course is for the experienced shooter who has completed the Gamut Resolutions introductory carbine and pistol course and has aspirations to learn a variety of tactical applications utilizing both firearms. The course will consist of a quick review of instruction on firearm safety, firearm operation, and the proper handling techniques needed for tactical shooting. The remaining 13 hours will involve an assortment of increasingly challenging drills and events. After completion of the tactical carbine and pistol course the student will have an in-depth understanding of firearms safety and marksmanship fundamentals and how to tactically maneuver and engage multiple targets from a variety of firing positions with the semi-automatic pistol and carbine.

Course Objective: The student will demonstrate a high level of tactical proficiency and accuracy with the semi-automatic pistol and AR-15 type carbine

Enabling Objectives:

- General firearms safety
- Safe loading, unloading, and proper clearing procedures
- Sights, zeroing, slings, holster, equipment setup
- The must-haves of rifle and pistol marksmanship

- Reloading & malfunction drills
- Shooting positions
- Multiple shots/multiple targets Drills
- Shooting on the move
- Shooting from barricades & covered positions
- Efficient training
